

## **NE Lincs SENDIASS Fact Sheet**

### **The Annual Review Process**

The Annual Review should focus on the child's progress towards achieving the outcomes as set out in the plan.

It should also consider any changes that might be needed to the outcomes, the way your child's needs are described, or to the provision set out in the plan.

Your views, wishes and feelings, and those of your child are important and the review **must** take these into account.

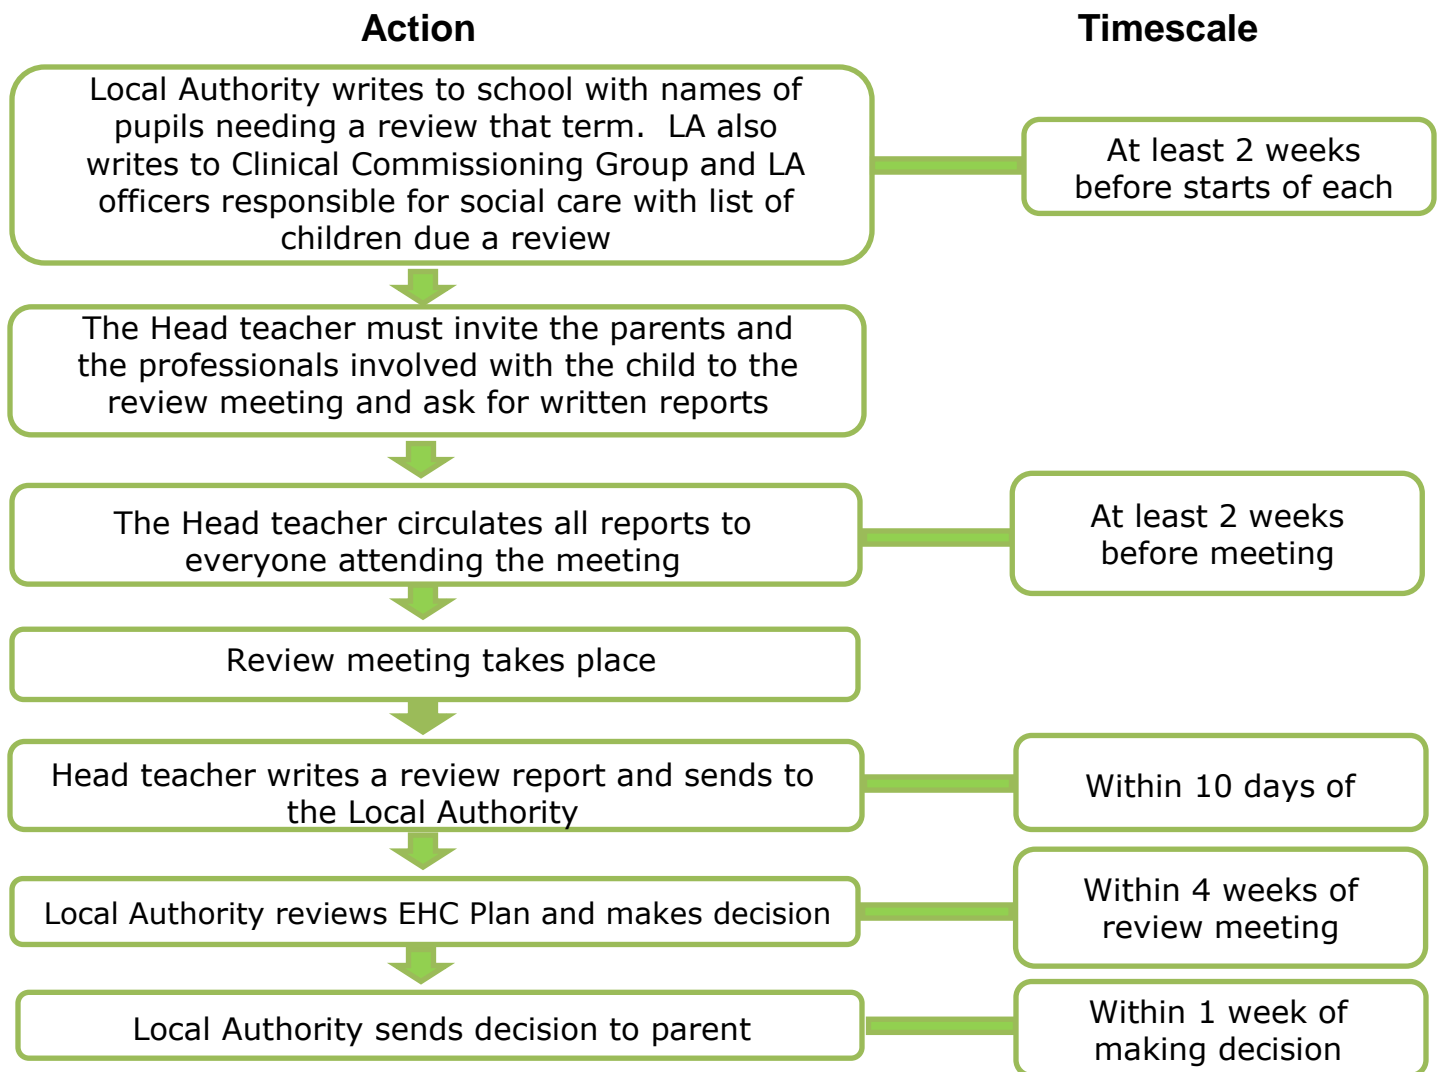

From Year 9 the Annual Review should start to prepare a young person for adulthood:

<https://www.ipsea.org.uk/annual-reviews-in-year-9-and-beyond>

#### **Things to think about and write down for your parental contribution (continue on separate sheet if necessary)**

- What have been the highlights of the past year?
- Were the outcomes in the last EHCP met?
- What difference did this make?
- Were the actions agreed in the last EHCP completed? Did they work?
- What support is working well?
- What things would you like to change?
- What would you like your child / young person to achieve or get better at?
- What difference would this make?
- What are your hopes and dreams now and in the future?
- Other comments
